

Order Picker Truck Course

E1 Medium lift up to and including 3 meters

E2 High lift over 3 meters

Our Order Picker Courses are accredited through ITSSAR and will provide candidates with the basic knowledge and practical skills to operate an Order Picker truck.

The course will comprise theoretical and practical instruction covering the following:

- Responsibilities under the Health and Safety at Work Act 1974, PUWER 98 and LOLER 98
- Operators Safety Code
- Battery Maintenance and Charging Procedures
- Pre Use Checks
- Factors affecting stability
- Motive Controls
- Hydraulic controls
- Manoeuvring in open and confined areas
- Order picking at different levels

Knowledge:

On completion of training candidates will have gained a theoretical understanding of the following: -

- Responsibilities under the Health and Safety at Work Act 1974, PUWER 98 and LOLER 98
 - Operators safety code
 - Battery maintenance and charging procedures
 - Pre use checks
 - Factors affecting stability
 - Manoeuvring in open and confined areas
 - Picking and placing of orders
- Working at Height Regulations

Skill:

On successful completion of training the candidate will be able to: -

- Drive and operate the lift truck safely and efficiently
- Stack and de-stack loads at various levels in a safe and competent manner
- Carry out pre-use checks to ensure the equipment is in a safe condition
- Carry out battery maintenance and charging procedures
- Pick and place individual goods
- Escape

The duration of the course varies depending on the candidate's previous experience from a 1day periodic refresher course to a 2 day novice course for new operators.

On successfully passing the practical skills test candidates will be issued with an ITSSAR accredited certificate and registered on the ITSSAR TOPS database.

Refresher training is recommended every 3 years.
